INTRODUCTION

The International Summer University Programme (ISUP) was established in 1999.

Today ISUP is one of the largest and oldest summer programmes in Europe and draws more than 2300 students from all over the world to CBS each summer to partake in the around 50 courses offered during the 6 week programme. It is also possible to take 3 week courses.

Studying at ISUP gives students the opportunity to study at CBS, one of Europe's largest business schools, which has "The Triple Crown" accreditation (EQUIS, AMBA and AACSB), an acknowledgement only shared by around 100 business schools worldwide.

ISUP is more than just studying, it is also about meeting new people, learning new cultures and a unique opportunity to live in one of the most liveable cities in the world - Copenhagen.

ISUP offers all international students a fun-packed cultural and social programme, where you will be introduced to Copenhagen and the Danish culture through specially-arranged activities such as guided city tours of Copenhagen, Danish folk-dancing, comedy night as well as a weekend trip around Denmark.

"Globalization isn't just a textbook term to be studied at CBS ISUP. It's intrinsic to the ISUP experience as students and faculty from more than 50 countries share their diverse insight and homegrown perspectives. Long after summer courses has been completed, and memories of Copenhagen have been made, it is this welcoming international spirit that's likely to have also shaped many of tomorrow's global business executives"
